### About us

Gauri is a UK-based consultancy specializing in implementing and supporting world-class CRM and Data solutions. We firmly believe that a data-driven solution on a strong digital foundation will be key to the success of all future businesses. We provide our customers with powerful end-to-end CRM solutions enabling them to better compete and grow by maximizing sales, customer satisfaction & retention. Gauri offers an enviable career complete with diverse experience, challenges, opportunities, and growth. We take great pride in our core values of being honest, equitable and fair.

### About the Role

We are looking for a **Salesforce Consultant** who has the passion to deliver the best quality to the clients and contribute to the development of the service capability of the company.

### Key Accountabilities & Desired Skillset

- 3-4.5 years of Salesforce Implementation experience preferred (3 minimum ends to end cycles on Sales, Service, and Marketing)
- Required Certifications
  - Salesforce PD1
  - Salesforce Sales / Service Cloud Consultant
- In this opportunity, you will get to work directly with various departments to fully understand and represent their needs and requirements with Salesforce
- Contribute to every phase of the project lifecycle, including development, testing, deployment, and support.
- Write well-designed, testable, efficient, reusable code.
- Understanding of object-oriented concepts, abstraction/inheritance, as well as experience with object-oriented languages
- Strong Integration experience specifically developing and consuming REST and SOAP Services.
- Excellent analytical & problem-solving skills
- Excellent understanding of Apex and Visualforce
- Excellent understanding of Lightning Framework
- Ability to drive and manage multiple tasks simultaneously.
- Manage the Scope & Expectations of team members and clients.
